Please respond to the email address below if you would like to receive project updates.

Jubilee Debt Campaign has been developing a multifaith awareness-raising project to build on past activities and engagement by the various faith communities. This national project, based in Birmingham, has been building awareness and encouraging action on global poverty, with a particular focus on the issue of poor country debt.

If you would like to receive updates on our work then please email faith@jubileedebtcampaign.org.uk with your name and contact details.
